Sir:

The Office Communication mailed June 15, 2006 has been received and reviewed. The Office Communication states that:

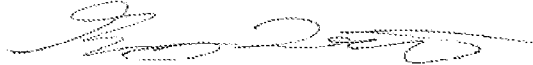

While Applicant has elected Group II, claims 9-16 and 19-23 and Species I, Applicant still has not indicated which claims of elected Group II (claims 9-16 and 19-23) read on species I.

The Communication filed by Applicant on July 22, 2005, states that "applicant identifies claims 9 through 16 and 19 through 23 as the claims of elected Group II that fall within species I." Applicant again identifies claims 9-16 and 19-23 as the claims of elected Group II which fall within Species I.
